Dear Chief McCaskill:

17(1), 17(2)(b)

CME File: 0437/04

WPS Incident No. C040036785

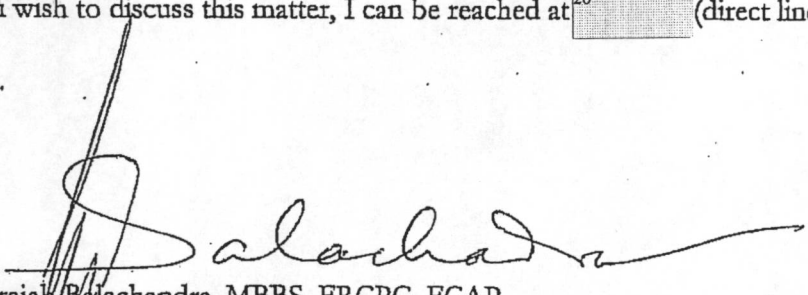

17(1), 17(2)(b) 17(1), 17(2)(a)

17(1), 17(2)(a) Although our office initially assumed the death was an accident, we later changed the manner of death to undetermined, as the death appears *not* to be an accident. 17(1), 17(2)(a), (b) the scene is of concern. Mr. Jim Garwood, son of the deceased, has obtained a report from a blood splatter expert in Edmonton (report enclosed). I think it would be prudent to investigate this case further, as it appears foul play may be involved in this case. I met with Mr. Garwood yesterday and advised him to contact you.

Should you wish to discuss this matter, I can be reached at ²⁶ (direct line).

Thank you.

Sincerely,

A. Thambirajah Balachandra, MBBS, FRCPC, FCAP
Chief Medical Examiner
